CONTRACTOR AND ADDRESS OF 

THET

This survey was made with a Swiss Kern Theodolite, Model DKM 1, No. 77769, having horizontal and vertical circles 50 mm. in diam. The circles are graduated in degrees and 20-minute increments. An optical micrometer, adjustable to the vertical and horizontal circles, permits the reading of angles direct to ten-second accuracy and estimating to one-second accuracy. The instrument was in good condition at the time of the survey and all adjustments were in good order.

All azimuths in this record were determined by the method of horizontal-angles-right referred to the meridian established by direct observation on the sun. At 9:45 a.m. on December 26, 1971, at the point for witness Cor. 4 of the STEVEN HALL, latitude 32° 33' 06" N., longitude 110° 471 09" W., turning from a reference point about 600 ft. northeasterly clockwise to the sun in a southeasterly direction.

True bearing of reference pt. N. 24° 281 35" E.

The 'lines were measured with a Lufkin steel tape, 300 ft. in length, graduated every foot for 299 ft. and the remaining foot graduated to tenths and hundredths. The tape was compared to a standard and found to be correct. All lines and connections of this survey were run by direct methods.

The magnetic declination observed at each corner of the survey gave a uniform value of 14° E.

### STEVEN HALL LODE

At Cor. No. 1 of the STEVEN HALL lode.

Set an iron post, 3/4 in. diam., 24 ins. long, in a concrete and rock base, 12 ins. in the ground, with a brass cap firmly secured to the iron post, mkd. X S.H. 1 U.S.M.S. 4708; from which

> The 1/4 cor. of secs. 15 and 22, T. 10 S. R. 15 E. G&SRM, bears N. 70° 38' 43" W., 4,565.21 ft. dist.; an iron post, 1 in. diam., 12 ins. above ground, firmly set, marked and witnessed as described in the official record.

A rock cairn sets adjacent to the iron post.

Thence S. 84° 38' 50" E.

Unimproved dirt road, bears S. 2° W. and N. 3° W.

1,497.77 Cor. No. 2.

an No source	EXPENDITURES
	The improvements and the value of the labor and improvements made upon or for the benefit of each of the lode locations embraced in said mining claim by the claimant or its grantors are as follows:
No. 1	The discovery point of the STEVEN HALL lode is on the lode line, 100 ft. from a point on line 2-3, 299.75 ft. from Cor. No. 2
	Value: None
No. 2	An access road traversing this lode to provide access for its proper development.
	Value: \$200.00
	An interest in a common improvement described as follows:
STOLENS	A surface drilling program designed to locate a subsurface ore body within the boundaries of this and contiguous claims owned in common.
	Drilling completed at the time of the survey is as follows:
Voca (par V les ob basilia en obtain voca per en e	A drill hole, No. 1, size NX-BX, 3,180 ft. deep, bears S. 51° 30' E., 225 ft. from Cor. No. 4 of the COPPER ROSE NO. 1 lode Sur. No. 4702.
east qui	A drill hole, No. 2, size NX-BX, 1,900 ft. deep on February 11, 1972, bears S. 76° 30' W., 600 ft. from Cor. No. 2 Sur. No. 4687 Amphitheater No. 1 lode.
(120)	Total value of drilling: \$127,641.60 Value of one-thirty-third interest: \$3,867.93
	This improvement is continuing for the development of the STEVEN HALL lode of this survey and the following contiguous lodes: Sur. No. 4702 GOOD CHANCE, AMPHITHEATER NOS. 4 and 5, LEAD

FEET

REEF, LEAD REEF NO. 1, ZIPPER, ZIPPER LEAD, COPPER ROSE, COPPER ROSE NOS. 1 and 2, STOVE LID, STOVE LID NOS. 1 and 2, STOVE LID EXT. NO. 3, GEM and GEM NO. 1; Sur. No. 4661 Old Soldine, Old Soldine No 1, Pretty Fair and Pretty Fair #1 lodes; Sur. No. 4662 HUMBOLT, Humbolt No 1 and Humbolt #2 lodes; Sur. No. 4687 Iron Cap, Iron Cap Extension, Binder, Amphitheater, Amphitheater Nos. 1, 2 and 3 and Copper Giant; and Sur. No. 4701 BRIDGE NO. 1 lode; which are all contiguous lode claims owned in common within the range of benefit of said drilling.

Five hundred dollars or over has been expended in this improvement in such a manner as tends to the development of each lode of this survey subsequent to its location and to the time since which common ownership and contiguity have prevailed; therefore, an undivided one-thirty-third interest in its value is hereby credited to each of said lodes and a like interest apportioned to each of the other stated lodes of the common group.

Except as stated above, no portion of or interest in this improvement has been credited heretofore as patent expenditure to any lode claim.

#### OTHER IMPROVEMENTS

None

# OTHER CORNER DESCRIPTIONS AND SUPPLEMENTAL DATA

Sur. No. 4687 Copper Giant Lode: Cors. Nos. 1 and 2 described above. Line 1–2 was found to be correct as approved. Lines 2–3 and 4–1 are shown as approved.

Sur. No. 4687 Amphitheater lode: Cors. Nos. 2 and 3 are iron posts, 3/4 in. diam., 12 ins. above ground, firmly set, marked and witnessed as described in the official record. Line 2-3 was found to be correct as approved. Line 1-2 is shown as approved.
